

Socially Distanced...

**You've been...
joy tagged!
And now you're IT!**

Grace Avenue takes the health of our members and our community very seriously. Throughout the month of June we continue to worship online while we make plans and preparations for future gatherings. But...being socially distanced, does not mean we can't be joyfully connected!

You've been tagged in our game of "Joy Tag" and now we are asking you to:

Use Your... imagination!

How will you pass it on? It's entirely up to you! You could bring cookies to a neighbor, visit someone who lives alone, plan an outdoor picnic with some friends, pick up groceries for a grandparent, buy coffee for your hairstylist...whatever you can **IMAGINE!**

Let us know that you have been tagged it!

Take a picture and post it to social media.
